Placement Information

Thank you for taking the time to complete this questionnaire. We appreciate people who are willing to consider adopting a Kerry Blue Terrier. Your answers will permit us to more effectively match available dogs' needs with your lifestyle and requirements. To help expedite the process, your Adoption Questionnaire may be shared with other Kerry Rescue Coordinators or Kerry breeders with dogs to place. If you have any comments or

concerns about adopting a Kerry Blue Terrier or about our Rescue program, please feel free to share them with us.

The Kerry Blue Terrier Club of Canada works to ensure the continued welfare of our breed by rehabilitating and placing Kerries and Kerry mixes from various situations, including rescues from shelters. We do not charge for placing Rescue Kerries in new homes. However, to continue our rescue work, we ask for a donation to our organization if we are successful in matching you with a Kerry. You may also need to assume any shipping charges and related expenses regarding the delivery of the dog to you. In addition, you will be asked to sign an Adoption Contract which requires, among other things, that the dog be returned to the Club immediately should you no longer be able to keep it. It may not be sold, transferred, or given to any individual or establishment.

In the unlikely event that the dog is unaltered, you will be required to have it spayed or neutered within 90 days of adoption. Under no circumstances should the dog be bred. You will also be required to take the dog to a veterinarian within 3 days of the date of the Adoption Contract for a checkup and any necessary medical treatment.

The Club makes no representation as to the physical condition, temperament, habits, personality features, or other aspects of the dogs available for adoption. The Club is in no way liable or responsible for any damage, accident, or injury resulting from the adoption of any dog or the future conduct of that dog.

All of the information I have provided in the questionnaire is true and complete to the best of my knowledge. I understand that any deliberately false, misleading, or omitted information that may affect a placement decision is grounds for removal of a dog from my possession. Should a Kerry be placed with me, it will reside in my home as a pet. I agree to provide the dog with adequate food, water, shelter, affection, and medical care, and to fulfill the conditions of the Adoption Contract.
